**Voyage Wealth Architects dedicates \$250,000 to M Health Fairview Masonic Children’s Hospital to support children undergoing dialysis treatment**

*Investment will go toward the hire of a certified child life specialist for children impacted by kidney diseases and cancers*

**MINNEAPOLIS – Sept. 21, 2023** – [Voyage Wealth Architects](#), a founding member of the Northwestern Mutual Private Client Group, today announced it is committing \$250,000 to M Health Fairview Masonic Children’s Hospital over the next five years to enable the hire of a certified child life specialist at the hospital’s Kidney Center. The addition of this role will help provide in-depth psychosocial support and positive coping techniques for children undergoing dialysis treatment.

“As a values-based wealth management business, we firmly believe in supporting and giving back to our community,” said Brian Eder, co-founder and partner, Voyage Wealth Architects. “We are honored to partner with M Health Fairview Masonic Children’s Hospital’s Kidney Center to help improve the lives of children impacted by kidney diseases and kidney cancers. Through our investment and the addition of a new child life specialist, we aim to provide emotional support and positivity that every child deserves.”

Chloe Feld recently joined the M Health Fairview Masonic Children’s Hospital Child and Family Life Services team as a certified child life specialist. Over the past few months, Feld has provided more than 80 interventions to children and adolescents receiving services in the Kidney Center. As part of these interventions, Feld offers developmentally appropriate education and preparation for those starting dialysis, facilitates therapeutic activities to normalize the hospital environment and creates individualized coping plans with patients and their families to ensure they understand the health care experiences they are navigating.

“At Voyage Wealth Architects, we are committed to creating a bright future for children,” said Jesse Bergland, co-founder and partner, Voyage Wealth Architects. “We are proud to support the addition of a new child life specialist at M Health Fairview Masonic Children’s Hospital, who will bring comfort, joy and healing to young patients and their families during challenging times.”

In addition to providing comfort to children through Chloe’s role, Voyage Wealth Architects has also partnered with children’s clothing company, [Dreamiere](#), to donate a custom bamboo blanket to every child who goes through the Kidney Center. This year’s blanket features a lion print signifying the bravery and strength of the children going through treatment.

“We are grateful to have Chloe join our Child and Family Life Services team to support kids and teens receiving dialysis in our Kidney Center, thanks to the generous support from Voyage Wealth Architects,” said Rachel Calvert, senior manager of Child and Family Life Services at M Health Fairview Masonic Children’s Hospital. “Chloe supports our hospital’s mission to deliver family-centered, comprehensive care by focusing on the *whole* child, including their physical, mental, social and spiritual needs.”

**About M Health Fairview Masonic Children’s Hospital**

Consistently ranked among the best children’s hospitals in the nation, M Health Fairview Masonic Children’s Hospital provides a broad range of more than 55 pediatric programs and specialties – from surgery, imaging, neonatal, and pediatric intensive care to cardiac and oncology services,

blood and marrow transplantation, and organ transplantation. Through our partnership with the University of Minnesota, our legacy of family-centered pediatric care stretches back 100 years. In collaboration with university researchers, our clinical care teams translate the latest scientific breakthroughs into innovative medical treatments and therapies for children. This has led to several historic firsts, including the first successful pediatric blood and marrow transplant, the first infant heart transplant in Minnesota, and the first cochlear ear implant surgery for a child. We bring hope and healing to the families we serve by caring for one child at a time, while advancing research, education, and care on behalf of all children.
